## MEMORANDUM NO. 2016-124

**TO:** School District Superintendents  
Junior High and High School Principals  
Junior High and High School Counselors

**FROM:** Lisa Weigel, Chief Policy Officer

**DATE:** October 17, 2016

**SUBJECT:** New School Safety Tip Reporting Service

---

## SCHOOL SAFETY INFORMATION

The 2016 legislative session changed the way students can report safety information regarding potential dangers and risks to students in Wyoming schools.

The Safe2Tell Wyoming system replaces the WeTip line. This means that:

- Students now have three ways they can confidentially report information to school officials; by mobile app, through Safe2Tell Wyoming website, or by phone.
- The new tip phone number is 1-844-966-7233. A new downloadable app will also allow report submission.
- The start of the new system begins this week; other schools will soon follow.
- The new website is operational and can be found at [www.safe2tellwy.org](http://www.safe2tellwy.org), and has all the information that a school needs to know to easily integrate into the system.

Superintendents should have already received the enclosed instructions from the Attorney General's Office, but they are included again here for your convenience. The service is provided through the Attorney General's Office in collaboration with the Wyoming Department of Education, Wyoming Office of Homeland Security, and the Wyoming Highway Patrol.

Safe2Tell Wyoming personnel will be contacting all Wyoming schools in the near future.
