Instructions for Taking the Written Assessment

1. Fill in ALL of the information requested on the Participant Answer Sheet with a soft black lead No. 2 pencil. Every field must be completed in order to ensure your answer sheet is scored properly. The test administrator will provide you with instructions for completing the *Participant Information and Test Information* portions of the answer sheet.
2. Use only as many of the response spaces on the answer sheet as are required for this test. Record your written responses in the section of the answer sheet labeled Written Test and your performance responses in the section of the answer sheet labeled Performance Test.
3. Mark each item by darkening the corresponding circle with a No. 2 pencil for the answer choice you think is correct.
4. Erase completely any answer you want to change and then darken the circle for the answer you believe to be correct. You must erase your first mark completely; failure to do so may result in a wrong reading by the scanner.
5. Mark only one answer for each test item. Items marked with more than one choice are automatically scored as incorrect. You should answer all items to the best of your ability. Items left blank are automatically scored as incorrect.
6. Erase any stray marks on the answer sheet as these may lower your score.
7. If you need to return to a question, place a check in the margin of the test booklet and return to it for additional consideration after you have completed the last question.
8. Look over your answer sheet when you have finished and darken any marks that are not black and shiny.

NOTE: the test proctor will announce the time limit for this test.
