Professional Learning Webinar
Providing Supports for ELLs
Monday, September 24, 2018
3:30-5:00pm MT

Before Joining the Meeting

Test your computer and Internet connection at: <http://www.webex.com/test-meeting.html>

Contact your local network administrator or local tech support staff for assistance if the test is unsuccessful.

You may be asked to install a small plugin that, once installed, handles the rest of the meeting application installation and then starts the meeting.

For Mac Users: When you start or join an event using Event Center for the first time on Safari 6.X and Safari 7, a problem occurs. After you have installed WebEx, Safari requires you to trust the plugin for the site you are attempting to join or start the event from. The page will refresh after that, but you will not join the event. In order to join, go back to the link you originally selected and you will be able to join successfully.

Joining the Meeting

To join the meeting, click on the following link (or copy/paste it into your web browser address bar) prior to the meeting start time:
