Commendations:
The Food Service Director well has developed advanced tools to guide the department in the areas of budget, profit and loss, etc.

Sue has implemented many best practices around financial tracking, continuing education and staff development programs for all Nutrition Services staffs.

Professional Development - 10 minute trainings are offered throughout the year in areas that need to be reinforced.

Cokeville Elementary:
While observing the Fresh Fruit and Vegetable program, I was also able to observe the kindergarten group discuss the importance of the berries offered on this day. The teachers follow a best practice teaching students the importance of including the blueberry in their diet.

Kitchen was very clean and sanitary. Thank you.

Meals were very tasty. Students enjoyed participating in the School Lunch and Breakfast programs.
Osmond Elementary:
Kitchen was very clean. All processes were followed with good record keeping documenting work.

Lunch line was very colorful and eye appealing. Students enjoyed beginning their lunch selections by choosing colorful fruits and vegetables prior to selecting their entree.

Nutrition Employees were very friendly to students and staffs.

### NSLP Administrative Review Summary 2018-2019

| Site 300-Meal Counting and Claiming for Breakfast and Lunch | At Cokeville Elementary students are not required to go by the POS prior to sitting down to eat. Explained to the school district official that the electronic system needs to be implemented in a location where students are required to stop at the POS to ensure a reimbursable meal is being counted. | School needs to establish and implement a point of sale to check student trays for reimbursement and record their meals according to status. Corrective Action Response Accepted. When system is in place after purchase, documentation will be sent |
