

Chapter 41
Virtual Education

Emergency rules are in effect no longer than 120 days after filing with the Registrar of

Rules.

Section 1. Authority. These rules are promulgated by the Wyoming Department of Education in consultation with the Wyoming State Board of Education and the Wyoming Professional Teaching Standards Board under the authority of W.S. § 21-2-202(a)(xxxix) and W.S. § 21-13-330.

Section 2. Definitions. For purposes of all virtual education courses offered by Wyoming school districts or from which academic credit will be transferred to or accepted by a Wyoming school district the following definitions shall apply:

(a) “Active virtual education course” means any virtual education course offered by an approved full- or part-time virtual education provider;

(b) “Concurrent enrollment” means, and is generally understood by district and school personnel to mean, an opportunity made available by a single district for a high school student to take one or more courses taught by a college-approved high school teacher for both high school course credit and transcribed college credit; however, for purposes of this rule and the Department’s administration of the Wyoming virtual education network, it also means an arrangement between two districts established pursuant to the laws of this state by which a student primarily enrolled in one district is permitted to have secondary enrollment in another district for a portion of the student’s educational program;

(c) “Course and services agreement” means an agreement entered into between any two (2) districts establishing terms and conditions under which a district that allows one or more students enrolled in one school district in the state to receive a portion of the pupil’s education, which may be provided through virtual education, from another district in the state, as provided for under W.S. § 21-4-502(c), whereby the district providing for the enrollment of the student shall include the student within its average daily membership (ADM) and the district providing a portion of the student’s education will assess tuition to be paid by the district of enrollment. Tuition shall be calculated on a per course basis equal to or less than the ADM amount of the district providing the course prorated for the number of courses provided;

(d) “Course sections” means simultaneous instances of a course offering with a unique student enrollment;

(e) “District-assigned learning coach” means an employee of the district in which a part-time virtual education student is enrolled who shall be assigned by the district or school to serve to monitor that student’s progress in virtual education, coordinate any instructional support needed at the request of the virtual education teacher, assist with data collection and reporting, and communicate with the student’s parent or legal guardian as appropriate in order

to facilitate the student’s successful participation in virtual education;

(f) “Dual enrollment” means an opportunity for a high school student to take one or more college-credit-bearing courses taught by a college-level instructor and to earn transcribed college credit as well as high school credit at the time the student successfully passes the course. Any courses that meet this definition of dual enrollment are not subject to this rule;

(g) “Family-designated learning coach” means a parent, legal guardian, or another responsible adult designated by a full-time virtual education student’s parent or legal guardian who shall serve as the point of contact for the virtual education teacher and virtual education provider for purposes of monitoring student progress, ensuring that any necessary instructional support is provided, assisting with tracking and reporting student participation in virtual education, and other appropriate duties as may be assigned by the virtual education provider;

(h) “Full-time virtual education” means providing more than fifty percent (50%) of the statewide educational program, required by W.S. § 21-9-101 and W.S. § 21-9-102, through virtual education by a single school district established pursuant to the laws of this state;

(o) “Virtual education” means instruction of one or more Department-approved courses administered primarily through technology outside of the physical classroom, in the statewide educational program prescribed by W.S. 21-9-101 and 21-9-102 and accredited by the State Board under W.S. 21-2-304(a)(ii), and which may be distinguished from other types of courses in that the physical separation of the virtual education teacher and student(s) substantially limits or even prohibits the teacher from providing a preponderance of course instruction in-person;

(p) “Virtual education teacher” means the instructor of a Department-approved virtual education course who, regardless of whether the instructor is an employee of a school district established pursuant to the laws of this state, shall meet the certification or permit

requirements of W.S. § 21-7-303(a). Following review, the Department may request additional information and may recommend that a district make changes to its letter of intent. If a letter of intent is denied, the district may seek reconsideration on the basis of new or additional information or other revisions made to the letter.

Section 5. Enrolling and Withdrawing Students.

(a) Any student participating in one or more part-time virtual education courses shall remain enrolled in the district in which the student resides. This enrollment shall be considered primary enrollment as distinguished from any other enrollment arrangements. Unless specified as concurrent enrollment or dual enrollment, the use of the term enrollment in this section means primary enrollment.

(b) After confirming the intention of the student to participate in any virtual education course approved by the Department and offered by another Wyoming district that is an approved part-time virtual education provider, the district shall have not more than five (5) business days to verify concurrent enrollment of the student with the part-time virtual education provider and to enter into an agreement, as described in Section 10 of this rule, with the virtual education provider. The two districts may enter into an agreement, as described in Section 10 of this rule, for any services or courses that are to be provided to the student by the district in which the student resides.

(d) Upon withdrawal of any student from a part-time virtual education course, whether withdrawal is initiated by the student or the district that is the course provider, the provider shall provide written notice to the district in which the student is enrolled within five (5) business days and the two districts shall work together to enroll the student in another course, which may be a virtual education course, if such enrollment is necessary to fulfill the statewide educational program required by W.S. § 21-9-101 and W.S. § 21-9-102. If the student is enrolled in a different virtual education course, a new course and services agreement shall be entered into between the districts in accordance with Section 10 of this rule.

(i) A district may allow a student whose custodial parent or guardian is on active military service, and leaves the state of Wyoming and whose custodial parent or guardian maintains Wyoming residency, to enroll or continue enrollment in a Department-approved virtual education program(s) provided that the student is able to comply with course-specific participation requirements and participate in all required state and district assessments in adherence with Department regulations, guidance, and instructions.

(j) In the event a student enrolled in a district elects to participate in more than one

part-time virtual education programs, and through the combination of such programs receives more than fifty percent (50%) of the required statewide educational program as prescribed by W.S. § 21-9-101 and W.S. § 21-9-103, the district in which the student is enrolled retains the responsibility for enrollment.

A district may instead elect to establish an individual or independent learning management system provided such system is capable of being used, and is used with regard to each active virtual education course, to administer, document, track, report, and deliver virtual education courses. Any individual or independent learning management system must also be designed and operated such that appropriate personnel from the district in which any student participating in any virtual education course is enrolled are able to utilize the virtual education program provider's learning management system to monitor student progress and participation and to collect participation data, as needed, for purposes of state-required reporting.

(iii) The number of students that successfully completed the virtual education program;

(iv) The impact of the grant assistance in compliance with W.S. § 21-13-330; and

(v) An evaluation of the virtual education course(s) in addressing student needs.

Section 12. Participation.

(a) Each virtual education course approved by the Department shall have clearly defined requirements for the participation of any student enrolled in the course.

(b) Course participation requirements shall establish expectations for student interaction with the virtual education course. They shall also be measurable, recorded, and verified by the virtual education teacher. Participation requirements shall be used by the districts and the Department for funding and accountability purposes.

(c) Any district that is a virtual education provider shall be responsible for documenting and recording in the learning management system used by the district, not less than once every five (5) program days, the participation of any student enrolled in the course.

(d) For each course, the number of days any student is reported as having participated shall be based on the course-specific virtual education program calendar submitted to the Department.

(e) At the end of each school year, for purposes of determining membership, the number of days on which a student was enrolled and participating in virtual education shall be the number of days in membership and must be converted to the number of days in the school calendar. The number of days in membership shall be divided by the number of regularly scheduled courses in the school in which the student is enrolled. The sum shall be the aggregate membership (e.g., if a student has one-hundred and seventy-five (175) days of virtual course participation and the school in which the student is enrolled offers eight (8) regularly-scheduled courses, the student's aggregate membership for the course would be 21.875).

(f) A district's documentation and recording of student participation in any virtual education course offered by the district shall be compiled in a participation report generated by a learning management system to include automatically recorded and virtual education teacher recorded elements. The participation report shall be generated at the administrative level and stored for future audit and monitoring purposes.

Section 13. Assessment and Accountability.

(a) Students enrolled in virtual education course(s) shall not be exempt from state or district assessments.

(b) Each student participating in a virtual education course(s) shall be subject to the Wyoming statewide assessments as required by W.S. § 21-2-304(a)(v); and the assessment shall be administered and monitored by a state-trained assessment administrator.

(c) Student performance, accountability, state and district assessment results, and accountability as required by W.S. § 21-2-204 shall be the responsibility of the district in which the student is enrolled.

(d) In the event a student enrolled in a district elects to participate in more than one part-time virtual education programs, and through the combination of such programs receives more than fifty percent (50%) of the required statewide educational program as prescribed by W.S. § 21-9-101 and W.S. § 21-9-103, the district in which the student is enrolled retains the responsibility for administering all required assessments. However, since no virtual education

program provider is providing the student with a full-time virtual education program, student performance on assessments is not required to be disaggregated and reported as part of a virtual education subgroup.

Section 14. Emergency Temporary Virtual Education (Adapted Learning)

(a) Schools may provide Adapted Learning to students in instances of emergency school situations. Adapted Learning is the option for schools to provide virtual instruction to students when their physical schools must be closed due to an emergency. Sections 2 through 13 of this chapter do not apply to Adapted Learning delivery. This section does not apply to existing virtual education programs that otherwise comply with this chapter.

(b) Districts shall create a plan addressing their Adapted Learning delivery of education and submit the plan to the Department. The Department shall evaluate each plan to ensure compliance with the state educational program and approve plans on that basis.

(c) The district shall track participation in Adapted Learning in one or more of the following ways at the district's discretion.

(i) Time a student is active in a course that is logged and recorded by a learning management or comparable system.

(ii) Coursework submissions by a student in a course that is logged and recorded by a learning management or comparable system.

(iii) Specific feature(s) that are logged and recorded by a learning management or comparable system.

(iv) Time a student is actively working on group projects and/or offline work that is logged and recorded by the course teacher.

(v) Academic-based communication between a student and the course teacher or the teacher and parent/guardian logged by the teacher.

(vi) Student participation activities that are logged and recorded by the course teacher.

(vii) Time a student participates in 'real time' class or individual activities with the teacher that is logged and recorded by the course teacher.

(viii) Submission of hard copy coursework through postal mail or in person.

(d) The district shall track and document participation for attendance and keep the documentation on file.

(e) At the secondary level, districts shall complete participation tracking for each course engaged in Adapted Learning at least once per week.

(f) At the primary level, the district shall track participation for each course engaged in Adapted Learning at least once a week. If a district is unable to track participation at the course level, then it shall track primary level participation twice a day.

(g) If a student completes an Adapted Learning course before the end of the semester, no reduction in aggregate membership shall apply pursuant to Chapter 8 School Finance Rules Section 8(d).

(h) School districts with approved virtual education programs that increase enrollment to accommodate Adapted Learning are not required to meet the course approval requirements outlined in Section 3(i) of this chapter for additional classes.
