**Region:** USDA Mountain Plains Region

**Eligible service providers participating in waiver and  
affirmation that they are in good standing:**

Any Wyoming Department of Education approved SFSP or SSO sponsor in good standing, operating during an unanticipated school closure due to a COVID-19 outbreak.

Sponsors that would operate under this waiver are operating in communities where schools are closed in connection with a COVID-19 outbreak.

**Description of the challenge the State agency is seeking to solve, the goal of the waiver to improve services under the Program, and the expected outcomes if the waiver is granted. [Section 12(1)(2)(A)(iii) and 12(1)(2)(A)(iv) of the NSLA]:**

**Challenge:**

Potential school closures as a result of any identified COVID-19 outbreaks. The Wyoming Department of Education continues to monitor the situation.

"Social-distancing" is integral to the control of the COVID-19. SFSP/SSO regulations require consumption of meals at meal sites, thus increasing the potential of exposure among program participants.

**Goal:**

Provide meals to participants in a manner that minimizes potential exposure to COVID-19.

**Expected Outcomes:**

Alternative school meal/snack models, such as Grab-N-Go meal service, would provide meals to participants, while limiting interaction and proximity to other participants therefore decreasing the risk of COVID-19 exposure.

**Specific Program requirements to be waived (include statutory and regulatory citations). [Section 12(1)(2)(A)(i) of the NSLA]:**

The Wyoming Department of Education requests a waiver of regulations at 7 CFR 225.6(e) (15) that require congregate feeding.

**Detailed description of alternative procedures and anticipated impact on Program operations, including technology, State systems, and monitoring:**

If approved, the Wyoming Department of Education will provide technical assistance to sponsors on process and procedures for planning and preparing a unitized meal and accurate counting and claiming. There are no impacts on technology, State systems, or monitoring.

**Description of any steps the State has taken to address regulatory barriers at the State level. [Section 12(1)(2)(A)(ii) of the NSLA]:**

There are currently no State level regulatory barriers related to this specific issue.

**Anticipated challenges State or eligible service providers may face with the waiver implementation:**

Our agency does not anticipate that the establishment of this statewide waiver will pose any challenges at the state or sponsor level since school foodservice operating under the waiver would essentially operate the same as a normal operating day. Alternatively, we anticipate this waiver will reduce challenges faced by regular school sites that experience unanticipated school closure because of COVID-19. Children can still benefit from meal service and schools can use encumbered resources.

**Description of how the waiver will not increase the overall cost of the Program to the Federal Government. If there are anticipated increases, confirm that the costs will be paid from non-Federal funds. [Section 12(l)(l)(A)(iii) of the NSLA]:**

The establishment of this statewide waiver will not increase the overall cost of the Program to the Federal Government since these programs would be operating in situations where normal USDA Child Nutrition programs (NSLP/CACFP) are closed due to COVID-19. There are no additional staff costs to implement this waiver.

**Anticipated waiver implementation date and time period:**

The anticipated waiver implementation start date is when approved and is to remain in effect through June 30, 2021 for SY 2020-2021.

**Proposed monitoring and review procedures:**

State agency staff who will approve individual school district written requests to implement the waiver will monitor implementation of this waiver.

**Proposed reporting requirements (include type of data and due date(s) to FNS):**

No later than July 15, 2021, the Wyoming Department of Education will report to FNS the number of sponsors that used this waiver including the number of unanticipated operating days and meals claimed.

**Link to or a copy of the public notice informing the public about the proposed waiver [Section 12(1)(1)(A)(ii) of the NSLA]:**

**Notice to be released:**

The Wyoming Department of Education is seeking this waiver from the United States Department of Agriculture, Food and Nutrition Services. The purpose of this waiver is to support schools and communities in providing meals to children in areas experiencing school closures in response to COVID-19.
